ABOUT US.

INTRODUCTION

Q&K Global Trading Sdn Bhd is a Malaysia-based apparel company with over 10 years of experience in the industry, specializing in kidswear and casual clothing. We are committed to delivering quality products through a combination of sourcing, product development, and private label manufacturing. Our operations are supported by a dedicated team across each stage of production, ensuring efficiency, consistency, and attention to detail from concept to final delivery.

With our wholesale store located at No. 21, Lorong Merbau, Jalan Off Kenanga, 55200 Kuala Lumpur, we are well-positioned to serve both local and international clients. Backed by our Bangladesh manufacturing unit, Summer Fashion Limited, we are able to support scalable production while maintaining strict quality standards. Our focus is to build long-term partnerships by providing reliable supply, competitive pricing, and products that meet market demands.

MISSION & VISION.

MISSION

- To deliver high-quality apparel through efficient sourcing, development, and manufacturing
- To ensure consistent supply and reliable service to our partners
- To offer competitive pricing without compromising quality
- To build strong, long-term relationships with clients and suppliers
- To continuously improve our products and operations to meet market needs

VISION

- To become a trusted and recognized apparel company delivering consistent quality and value across local and international markets. We aim to strengthen our presence through reliable supply, efficient operations, and strong partnerships built on trust and professionalism. By continuously adapting to market trends and improving our capabilities, we strive to meet evolving customer needs while maintaining high standards in every aspect of our business.

OUR SERVICES

We deliver reliable apparel solutions through efficient operations and experienced teams. From sourcing to delivery, we ensure consistent quality and dependable supply while building strong, long-term partnerships with our clients.

SAMPLING

We provide product sampling services including fabric swatches, trim cards, embroidery, prints, and garment samples, helping clients review quality and specifications before moving into mass production.

SOURCING & PROCUREMENT

We source and manage trusted manufacturing partners that meet our clients' quality, pricing, and production requirements. Our team oversees supplier coordination, quality assurance, payment management, logistics, and shipment delivery from factory to warehouse, ensuring a smooth and reliable sourcing experience.

OPERATIONAL TASKS

We provide complete operational support as a one-stop solution, managing the full process from manufacturing and sourcing to production monitoring, logistics coordination, documentation, and final delivery for a seamless customer experience.

QUALITY CONTROL & PAYMENTS

We conduct quality inspections throughout production and before shipment to ensure products meet agreed standards, while facilitating secure payment transactions between clients and suppliers.

MANUFACTURING

Our production is supported by our Bangladesh manufacturing unit, Summer Fashion Limited, a fully equipped facility with dedicated sections for cutting, sewing, printing, and finishing. With scalable production capacity and experienced teams, we ensure consistent quality, efficient processes, and reliable delivery for all orders.
